

MASTERBUILT®

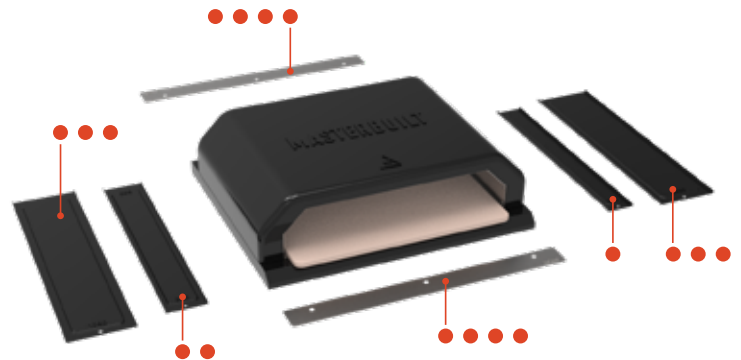

PIZZA OVEN

- The Masterbuilt Pizza Oven comes with six panels to allow a custom fit for most grills.
- You should cover as much open cooking chamber space as you can with the panels.

MASTERBUILT® FIT GUIDE

- Each panel is marked with a size indicator marker. Look for a series of dots along one edge of the panel.
- Measure your grill and use the tables to match the size of your grill with the right panel configuration.
